Academics

1980-81, A year of change

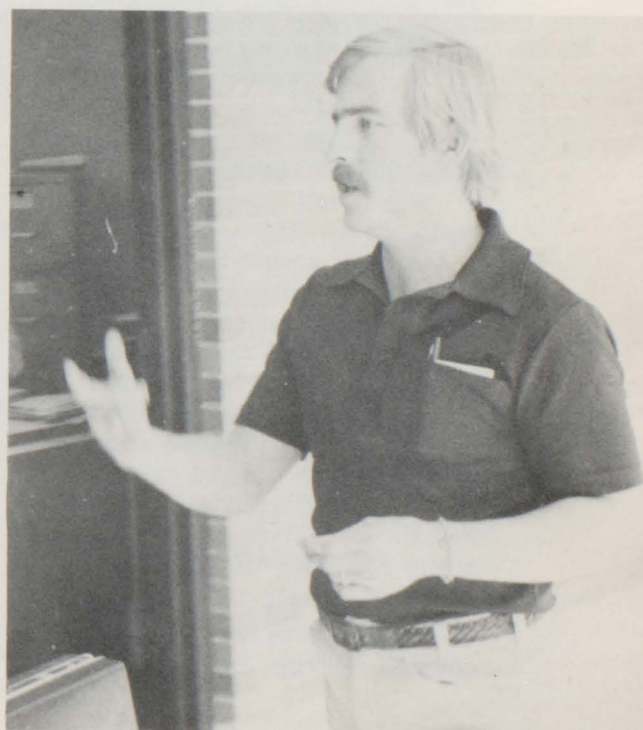

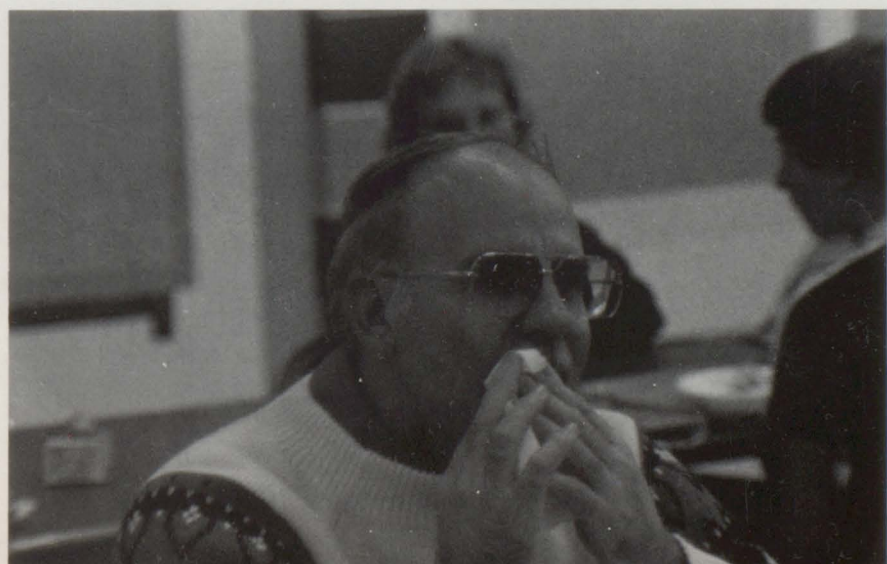

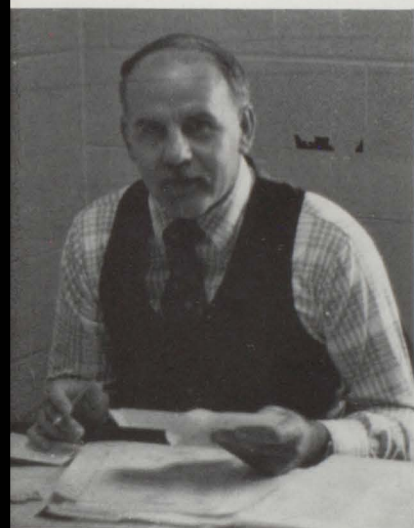

This school year, 1980-81, marked a year of change in the Port Huron Area School District. Due to the failure of the millage in the spring of 1980, the Board of Education made drastic cuts in everything possible. Port Huron Central was closed and its students were sent to Port Huron High School and Port Huron Northern. PH and Northern were put on split sessions, morning and afternoon, with students with the last names beginning with A-L going from 6:30-12:30 A.M. and students with last names from M-Z going from 12:30-6:30 P.M. This system was considered the best way to deal with the situation and to save money. Other changes included serious cuts in teaching positions, all school athletics, and also cuts in supplies, textbooks, and services. In spite of all of these cuts, through the cooperation of the students, the teachers and the administration, Port Huron Northern has continued operating with few problems, and with the attitude of "grin and bear it."

New faces in Northern's administration

At the head of Northern's new administration is our principal, Mr. William Pierce, the former principal of Central High School. He has under him three hard-working vice-principals, Miss Austin, Mr. Goldsworthy, and Mr. Dickinson. Miss Austin is in charge of counseling, guidance, and testing, and also oversees scheduling and report cards. Mr. Goldsworthy is in charge of discipline and attendance in the morning session, and Mr. Dickinson is his counterpart in the afternoon session. Besides many other duties, all three of our vice-principals are in charge of general discipline, hall and cafeteria supervision, and teacher evaluation. Our principal and vice-principals are an invaluable part of our school, and they all work together to create a place where we can come to learn.

Doing their part for P.H.N.

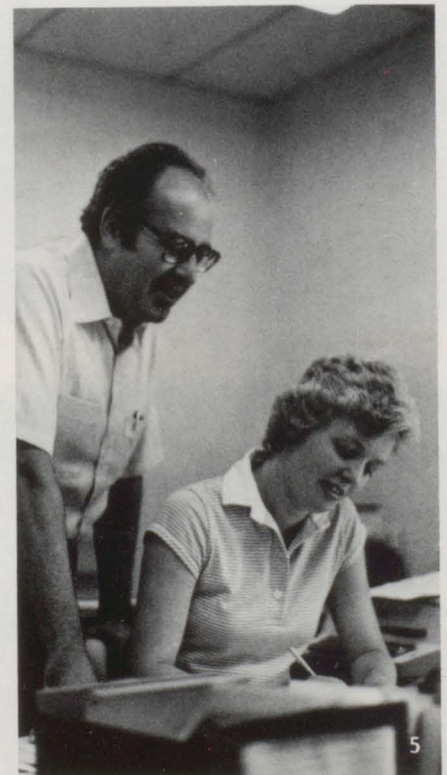

The secretaries help to keep the school running as smoothly as possible each day. There is a staff of secretaries that run the office and a secretary for each of the vice-principals. There are also two secretaries that help out the counselors. Some of the secretaries start their day at 6:30 each morning while others work as late as 7:00 in the evening.

2: Mrs. Teff covers the counseling offices in the morning and the library in the afternoon. 3 If you have any questions just ask these ladies, Mrs. Fleming and Mrs. Shepherd. They know everything about this building. 4: Mrs. Vigrass can tell anyone how to run the office machines. 5: Before you meet Mr. Pierce, you're bound to meet his pretty secretary Mrs. Rose.

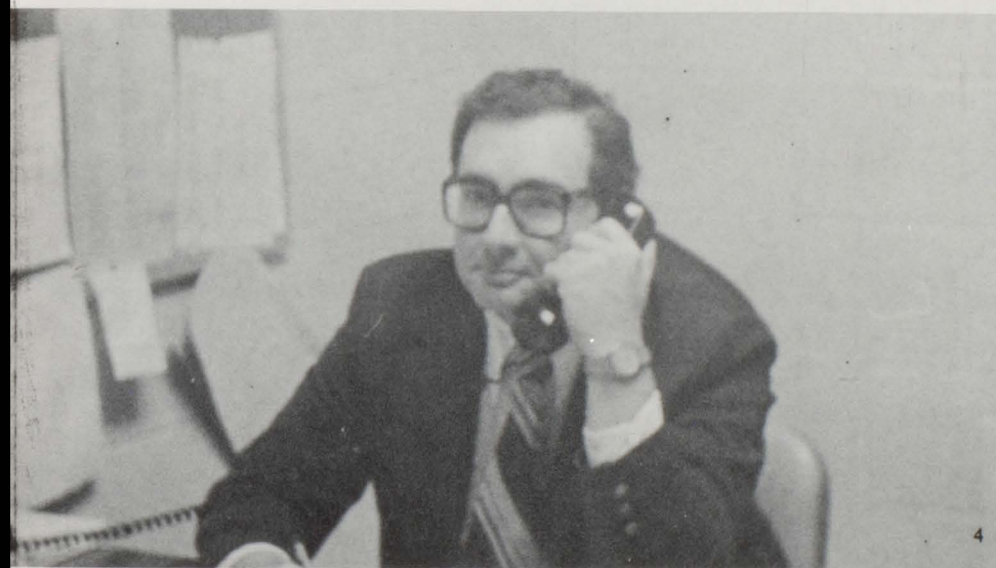

Mrs. Willard receives her daily instructions from her boss, Mr. G.

- 1: Mr. Mattson leafs through the files.
- 2: Mr. Moorehead intensely reviews a students records.
- 3: Mrs. Goodrich is always around to help out whenever possible.
- 4: Communication is an important part of Mr. Soule's job.

The counselors for the students this year are Mr. Buckowski, Mr. Dunbar, Mrs. Goodrich, and Mr. Soule. Each of the counselors help to give the students any personal, occupational or educational guidance they may need. The counselors seek to maximize educational opportunities for each student while he is attending school. Students can find any educational information from the Career Resource Center. The Resource Center has a computer printer and a CRT, a cathoderay tube, set up for students to do research on any career, educational and vocational information they may be interested in.

When in need, call on a counselor

The kitchen staff keeps things cooking

The kitchen staff begins each day at 5:30 a.m. to prepare lunches for Northern students, plus the students from ten other schools. Approximately 1,600 to 1,800 lunches are sent out each day to the various schools. About 380 plate lunches and all of the ala carte food is served each day in Northern's cafeteria. Mrs. Setter manages the kitchen staff to keep things running as smoothly as possible. The day is ended for the staff at 3:30 p.m. only to start again at 5:30 the next morning.

1: A kitchen aide's work is never done. 2: The lunch ladies on their lunch break. 3: And the Huskie Spirit is here. 4: Work, work, work, work ...

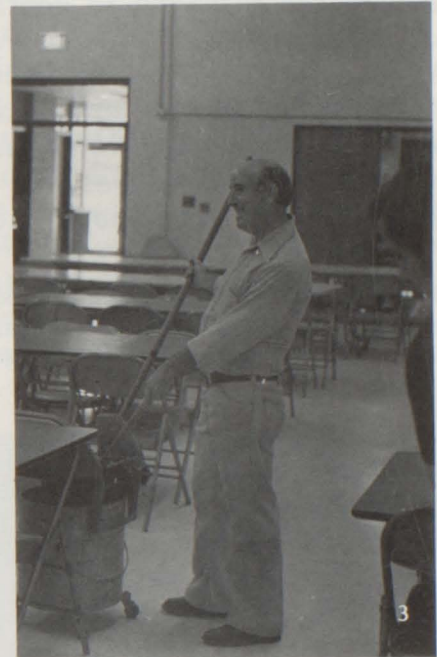

Members of Northern's kitchen staff are, front row: Mrs. Setter, Bertha Smith, Dorothy Weston, Martha Graham, and Joan Ward, second row: Nancy Burns, Valerie Jenkins, Helen Deising, Ada Turloff, Nadine Massman, Grace Cedervall, and Marilyn Totten. Missing are: Mable Melms, Joann Rush, and Kathy Ernest.

Another one mops the dust

1: Dave Jex doesn't stop long enough for a picture. 2: Devil -- now here's a guy that loves his work. 3: Last sweep of the day.

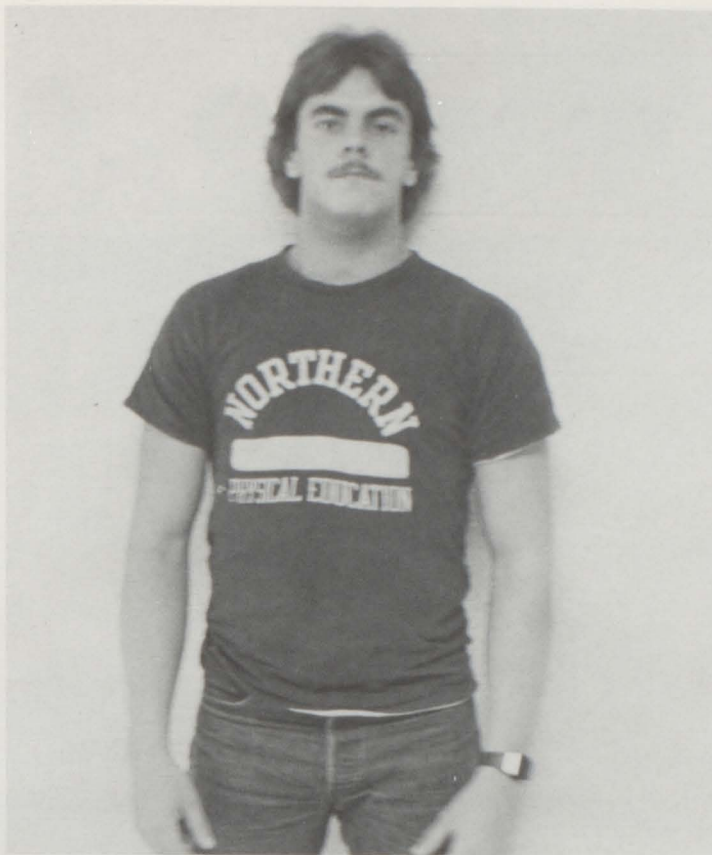

The custodians play an important role in maintaining the school. This year there are three shifts of custodial staffs working around the clock. Where would we be without the custodians to keep the school in a liveable condition?

This year, in order to cope, the library has undergone many changes because of personnel cuts. There is one media specialist, Miss Boyd, and two part-time secretaries, Mrs. Burns in the morning and Mrs. Teff in the afternoon. These three ladies must run the library from 6:15 A.M. to 6:45 P.M. Cuts in services have come along with all of the other changes, but in spite of this, the library has managed to continue operating on a full schedule. Miss Boyd feels that, on the whole, Northern students show much courtesy and respect while using the library, and believes that the library "is to be used not abused."

1: Reading is to the mind like a library is to a school. 2: Miss Boyd and her assistants do a fine job at running the library.

Ever heard of the expression "variety is the spice of life?" Well, Northern's ten exchange students added enough variety to liven up anyone's life, coming from such countries as Norway, Mexico, Holland, France, and West Germany. These students are with Youth For Understanding, the international student exchange program, headed at Northern by Mr. Hayward.

A new way of life for those from afar.

WORW FM 92

Mr. Robert Trapp is the head of WORW, Port Huron Northern's school radio station. Students in the broadcasting class work towards their FCC third class license and hold managing positions on the staff of the radio station. Many students from WORW have gone on and become successful in the communications field. WORW is an educational non-commercial station operating on your 92 FM dial.

1: PHN's Honor Society with its advisor, Mr. Buckowski. 2: President Scott Ferguson, Vice-President Sandy Bos-tater and Secretary Linda Gray. Not pictured: Treasurer Lisa Sampsell.

Port Huron Northern's National Honor Society is involved in many activities this year, such as sponsoring a school dance and raising money in order to go on a ski trip. The goal of NHS is to recognize those students who are individually outstanding, and to promote academic achievement through tutoring those students who request extra help.

PHN's National Honor Society

Play it again . . . band

Under the leadership of a new director this year, Mr. Hon-singer, Port Huron Northern's band has been a good example of the statement that "change isn't always for the worst." Due to the fact various cuts, there were only four bands: Jazz Band, which played at many of the assemblies, Wind Ensemble, Honors Band, and Freshman Band. Though the various bands as a whole did not go to any competitions this year, they did have individual district competitions and two concerts: a Christmas concert in Northern's cafeteria and a Spring concert at McMorran Arena.

P.H.N. choirs sing to a new director

Northern's choirs have a new director this year, Mr. Unger. He is a very enthusiastic teacher and had many new and interesting ideas for our three choirs, Chorale, Accapella Choir and Freshman Ensemble. Some of these ideas included the sale of 1,000 apple pies in November, sponsoring a Christmas dance, and various other fund-raising projects. The choirs also had a Christmas concert and a Spring concert which entertained many a person.

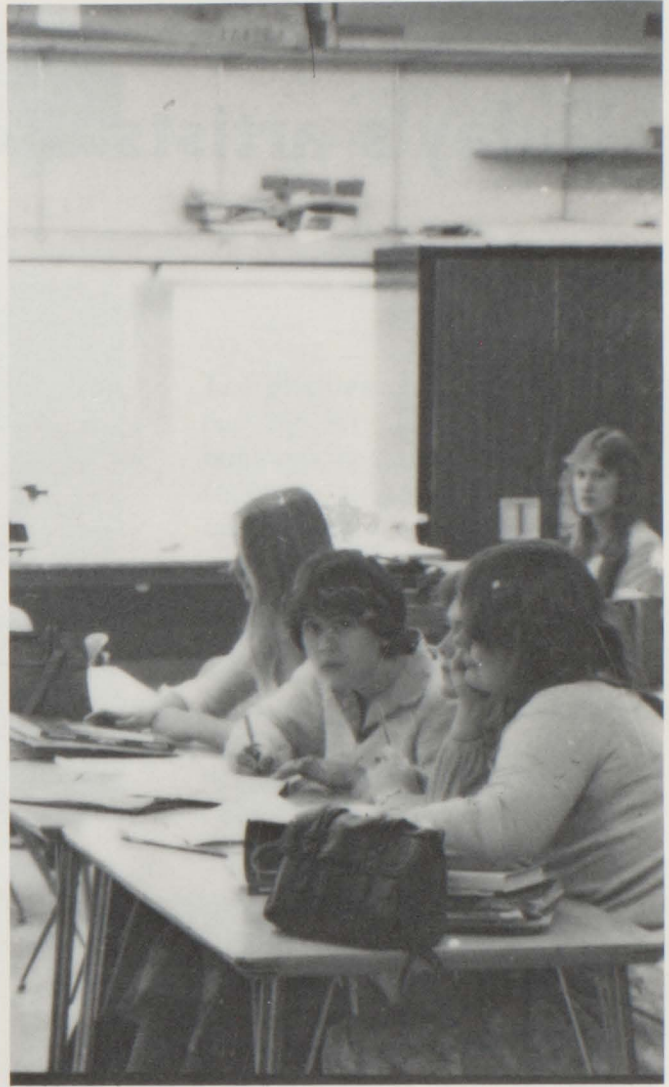

Experience is one thing you can't get for nothing

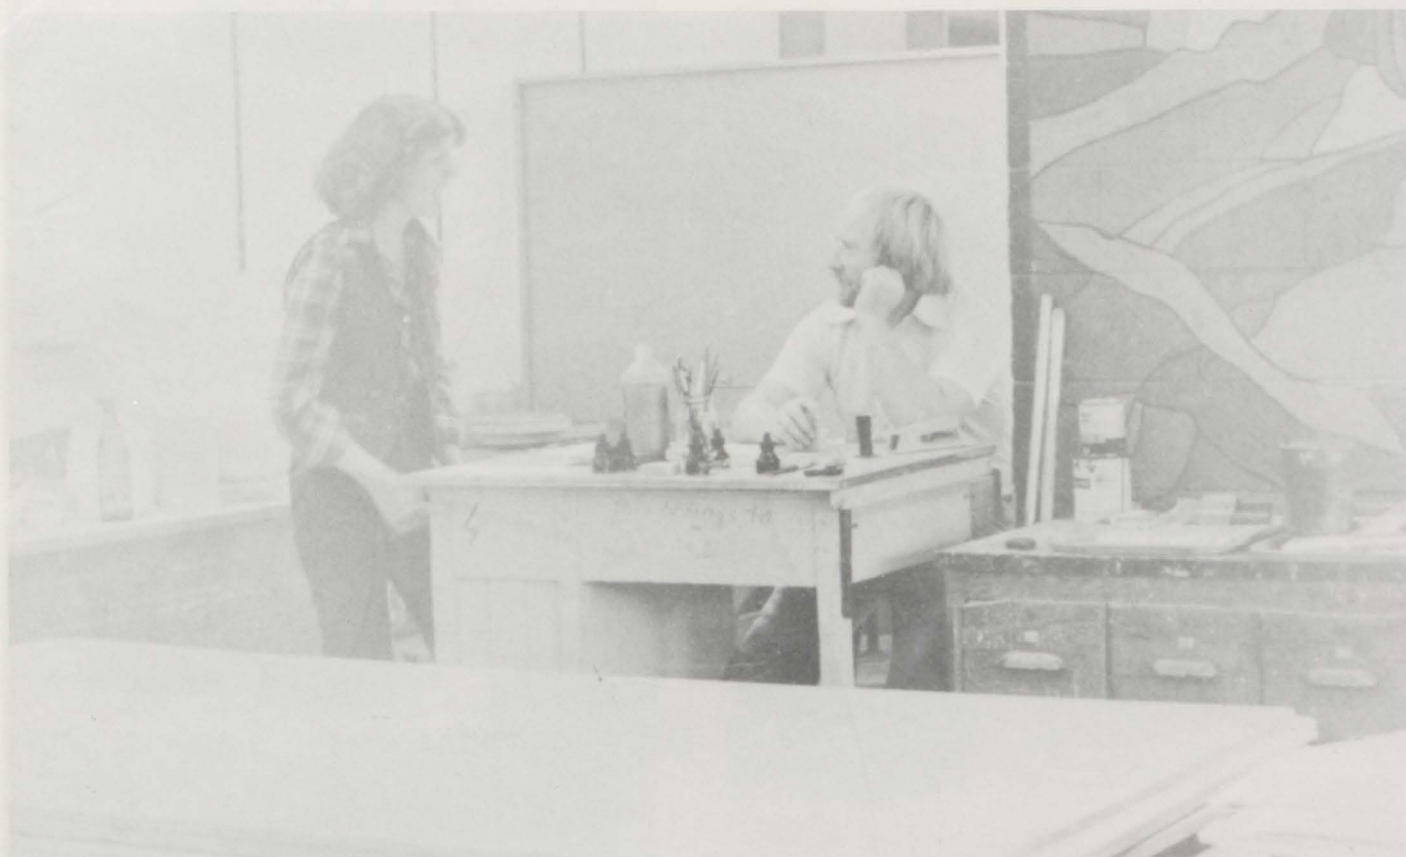

Retailing has two new additions this year. These are involvement in Distributive Education Clubs of America, and the class is now a two-hour block. DECA allows students to learn and compete with others state and nationwide in areas of their interest. The district competition is held in one of several high schools in the St. Clair-Macomb County Area. All competitors may also compete in the state competition. Winners and runners-up advance to national DECA competition. All members of Retailing and Marketing classes are eligible for membership in DECA. Because of the fact that the classes are longer students have time to learn the things that will help them in DECA competition. Funds for DECA are provided by the students themselves through various fund-raising projects.

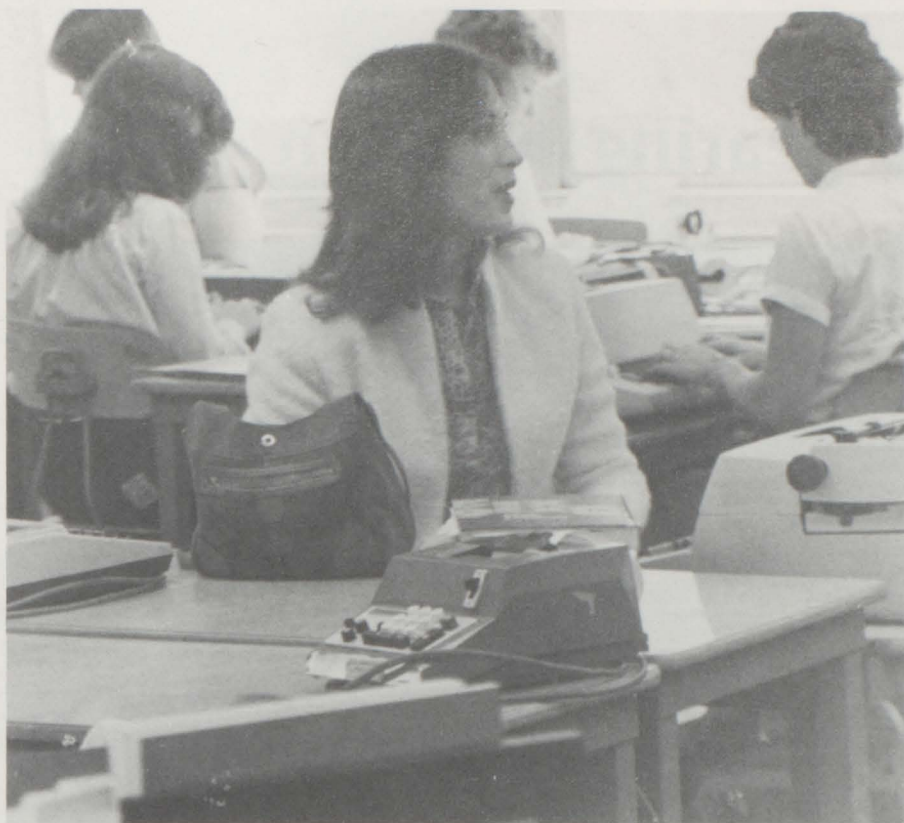

Today's artists are tomorrow's future

The art classes this year are being instructed by Mr. Taggart in the morning session and by Mrs. LaBeau in the afternoon session. The basic art classes, art 1 & 2, are a prerequisite to all of the other art courses. Students interested in art have many classes to choose from. Some of the classes offered are ceramics, drawing, and painting, and jewelry construction. Students have the opportunity to show their best works in art shows and exhibits which are held throughout the year.

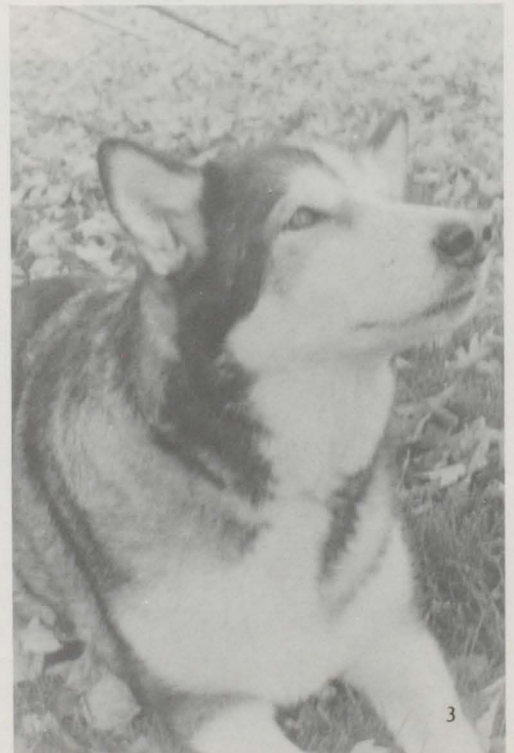

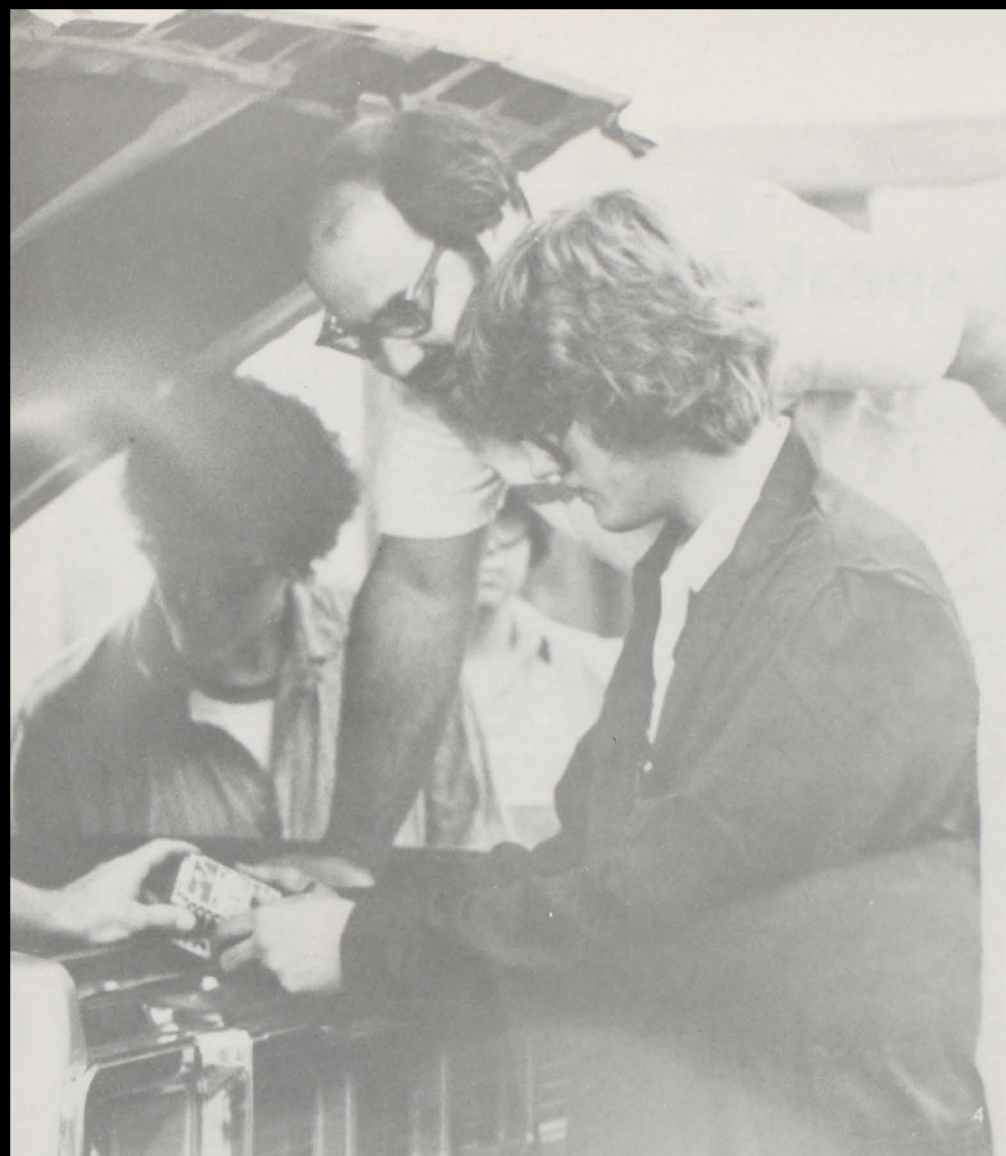

The Business Education Dept. is run by Mr. Tinsley. This year business teachers went to conferences to get some new ideas and techniques for their business classes. Some classes offered by the business dept. are steno-and clerical-block, typing, shorthand, and bookkeeping. Many students find the business courses are very beneficial in helping them further their career goals.

Auto shop-gearing to learn

Shop classes are offered to students who are interested in such things as auto mechanics, metal shop, and electronics. Mr. Pierce, Mr. Hobbs, and Mr. Johnson are among the teachers who instruct these classes.

1: Auto Mechanics students learn the basics of auto repair. 2: Mark Jaskowski, "You see, the sum of the square root of the hypotenuse is directly proportional to ... 3: It's hard to be humble when you're a Huskie. 4: Matt Harvey receives advice from Mr. Baker. 5: Students get experience by repairing people's troubled vehicles. 6: Actually, we didn't need to take the tire off at all.

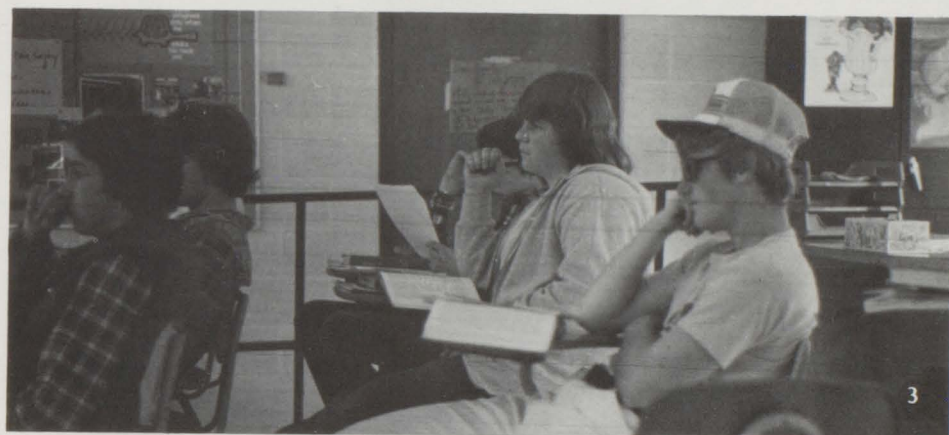

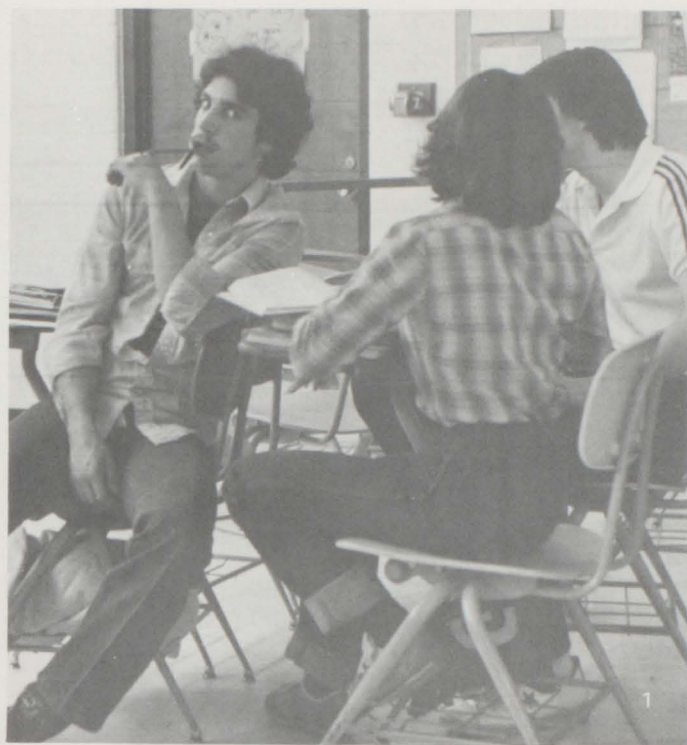

English speaks for itself

The English Department at Northern, headed by Miss Meyer, offers many interesting courses such as Greek Literature, World Authors, Speech and Composition. Four semesters of English are required -- one basic Grammar. English credits are also offered to members of the SPIRIT staff.

1: Mike Morrison and Mark Nabozney-can you tell they enjoy being the class clowns? 2: English classes are full of the Huskie Spirit. 3: Liz Moulton and Amy Elliot receive help on their English assignment from Miss Perry.

1: Tim Teeple says, "Does this teacher know what he's talking about?" 2: Reading is FUNdamental says Tracy Turner. 3: Is John Malane sleeping behind those dark glasses? 4: Mrs. Renner always means business when it comes to speech class. 5: Larry Tynes destroys the evidence-AFTER an English test.

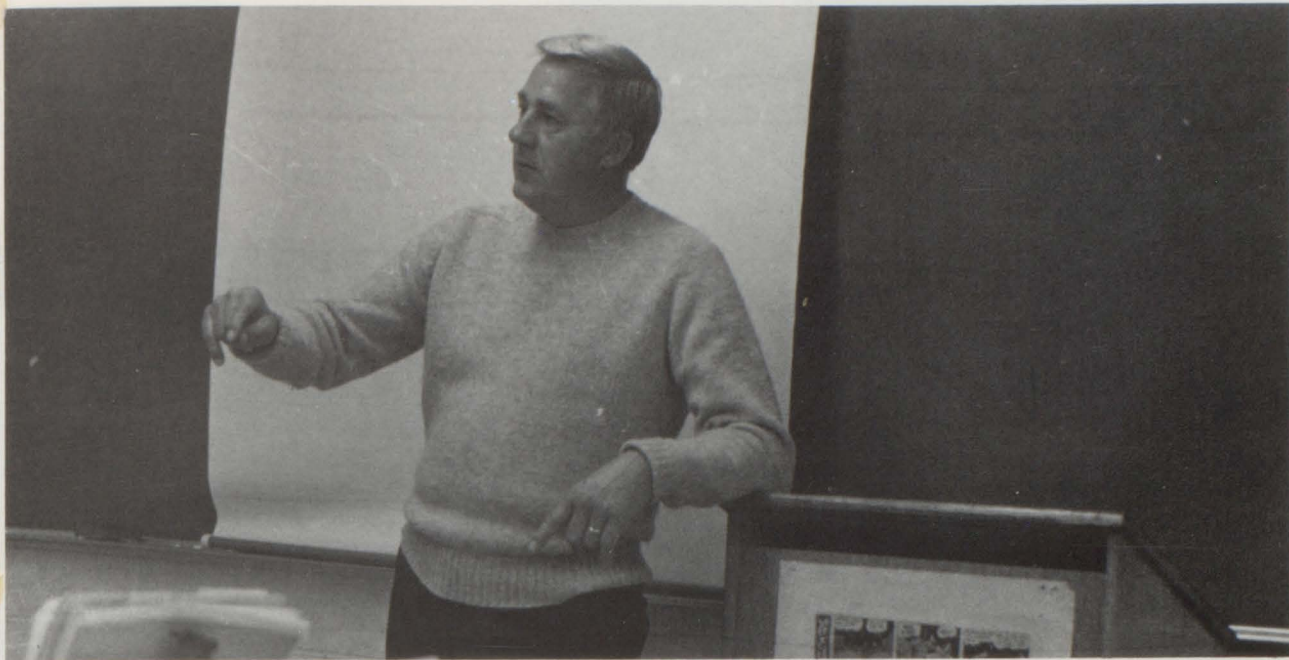

Math-new approaches to old problems

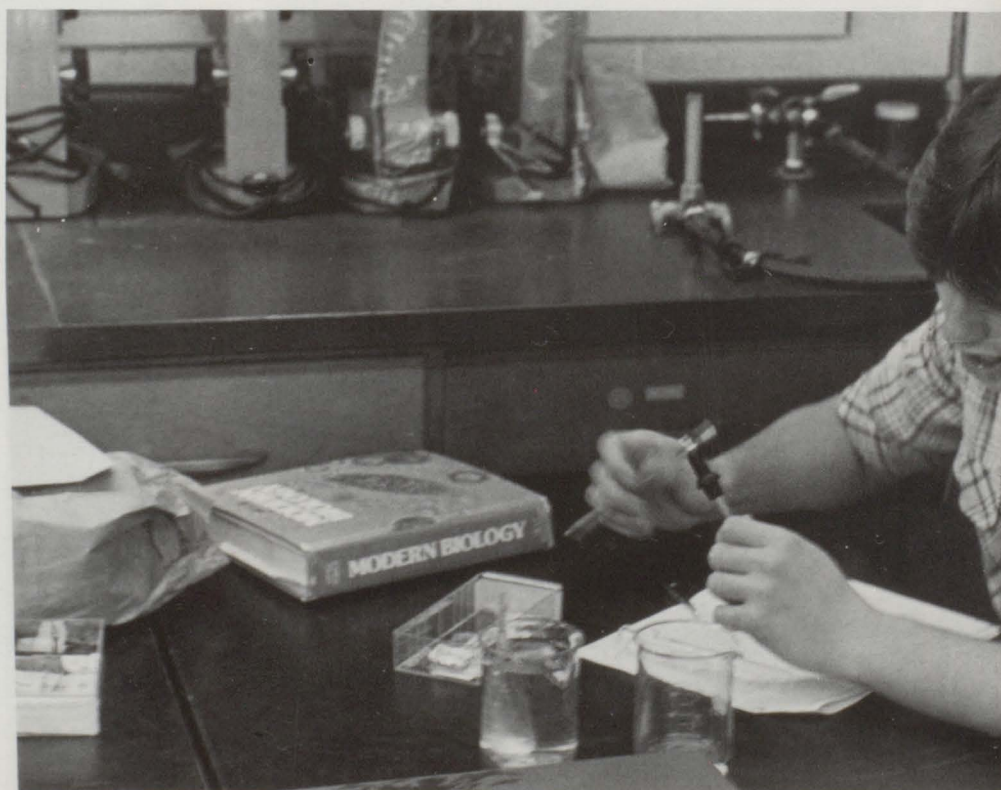

Mr. Renner, formerly of Central High School, is in charge of Northern's math department. Each student is required to successfully complete two years of math before graduating. A wide variety of classes and academic levels are provided for students to choose from so that they may take the classes that are best for them. A few of the offered course are Algebra, Geometry, Consumer's Math, and Calculus.

Headed by Mr. Renner, Northern's Science Department is so varied that no one could find the time to explore all of the fascinating fields offered. Such fields include not only the basics of Biology, Chemistry, and Physics, but also such fun and interesting subjects as Aerospace, Photography, Earth Science and A.P. Biology, for which college-bound seniors can earn college credit. Numerous labs and experiments are conducted in these courses, and what could be more fun than finding out what is really in those things you eat every day?

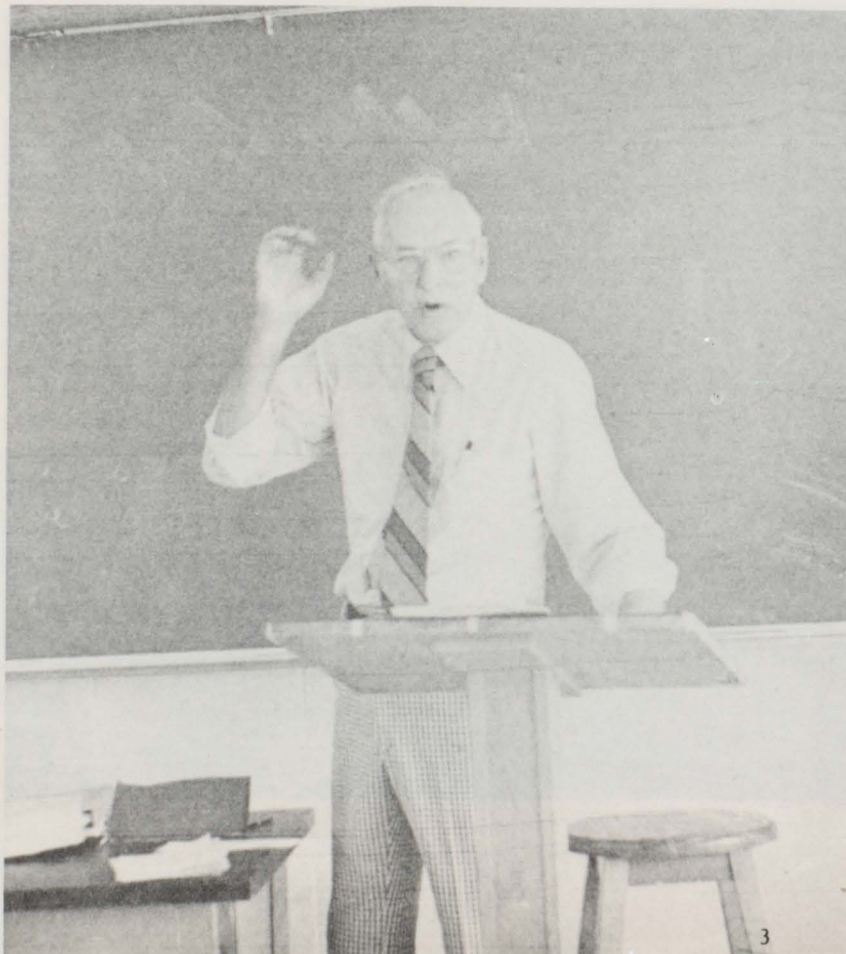

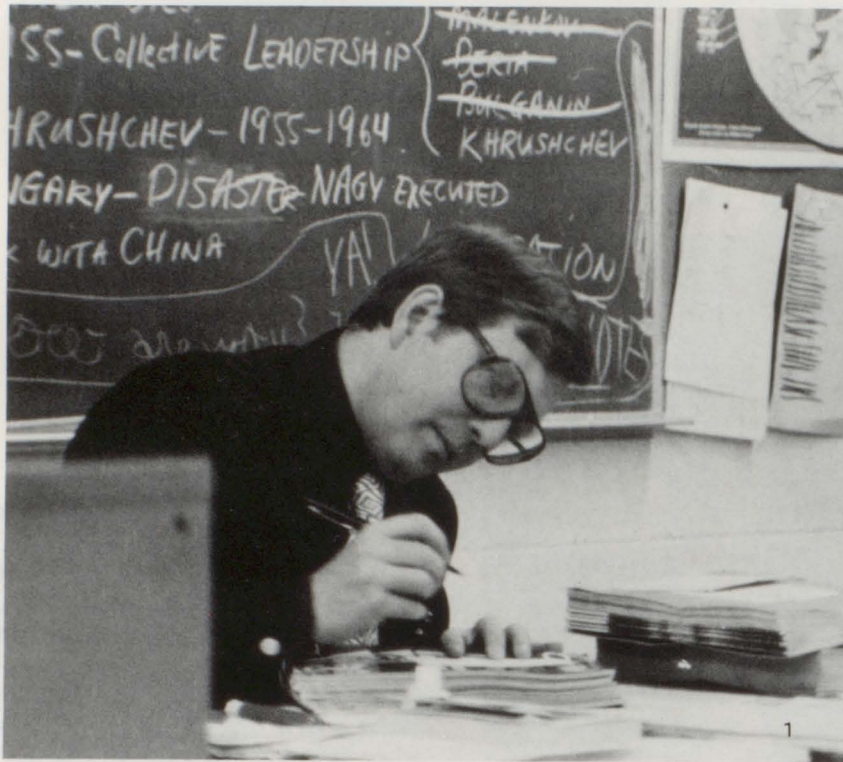

Experimenting with life

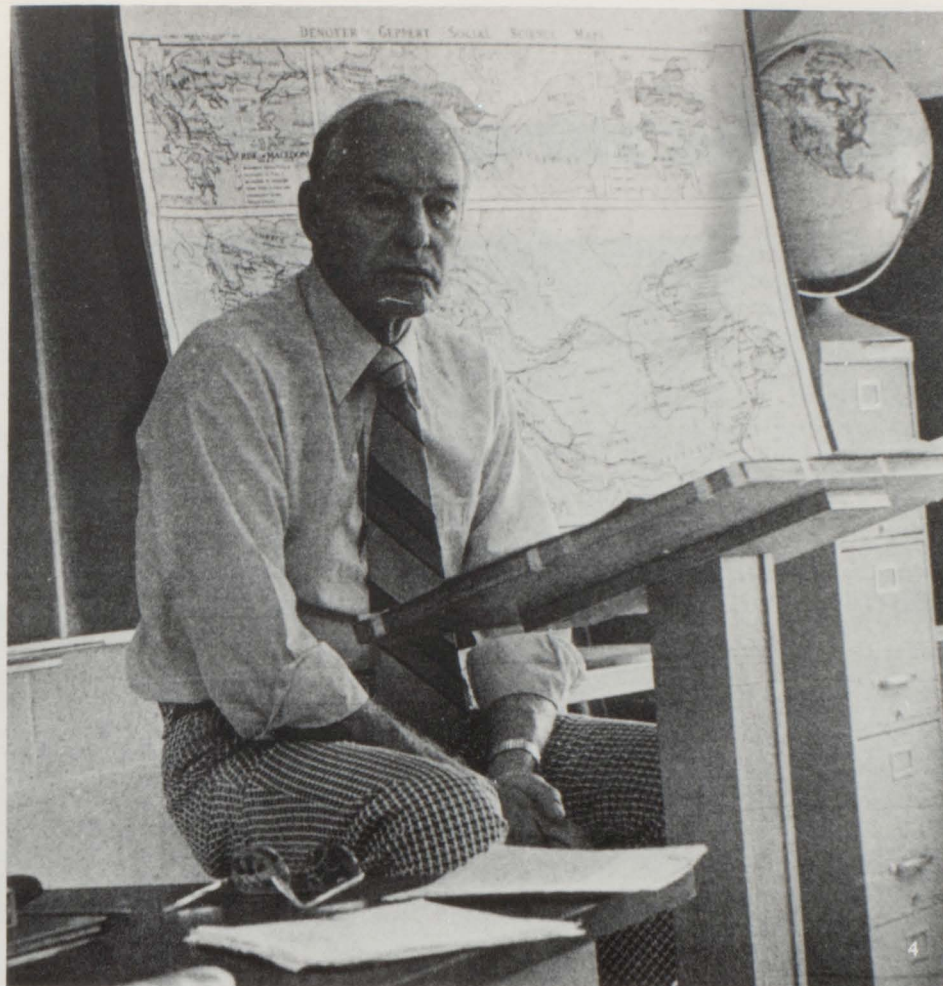

1: In Biology class, a little bit of this and a little bit of that will do. 2: Mr. Klink can tell you anything you want to know about Biology. 3: Well, you see ... a drop of this, and what do you think will happen? 4: Electronics is so much fun! 5: Freshmen make a new discovery: water boils when it is heated!

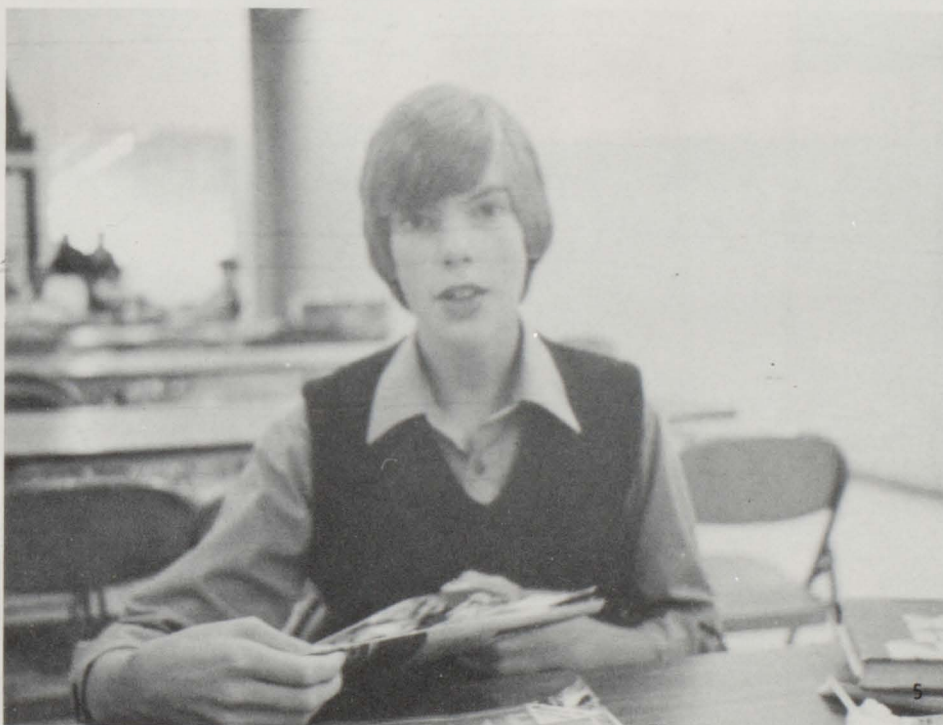

Social Studies: A study of old traditions and new ideas

One class in the Social Studies Department, headed by Mr. Dickey, is P.O.D.(Problems of Democracy). A required class for seniors at P.H.N., P.O.D. is infamous for its newpoints, a system of points which are acquired by reading about current events. Besides this students learn about the different forms of government, the stock market, and discuss the various problems in our American Democracy.

Another class which is required in the Social Studies Department is American History, to be taken in the eleventh grade. There are three levels of this class so that each student may choose the best course suited for him/her: Regular, College-Prep, and Advanced Placement. In these classes, everyone learns about the history of our United States so that they can become more aware of his/her country.

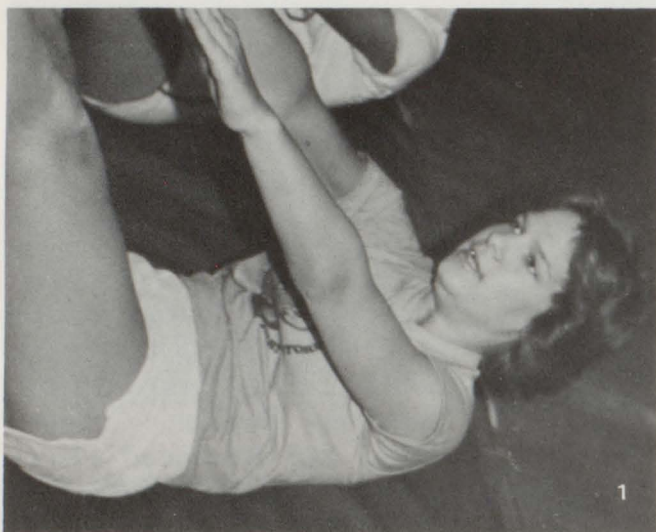

Civics is the third and final required class in Social Studies at Northern. To be taken in ninth grade, Civics teaches freshmen the governmental and economic systems of our country.

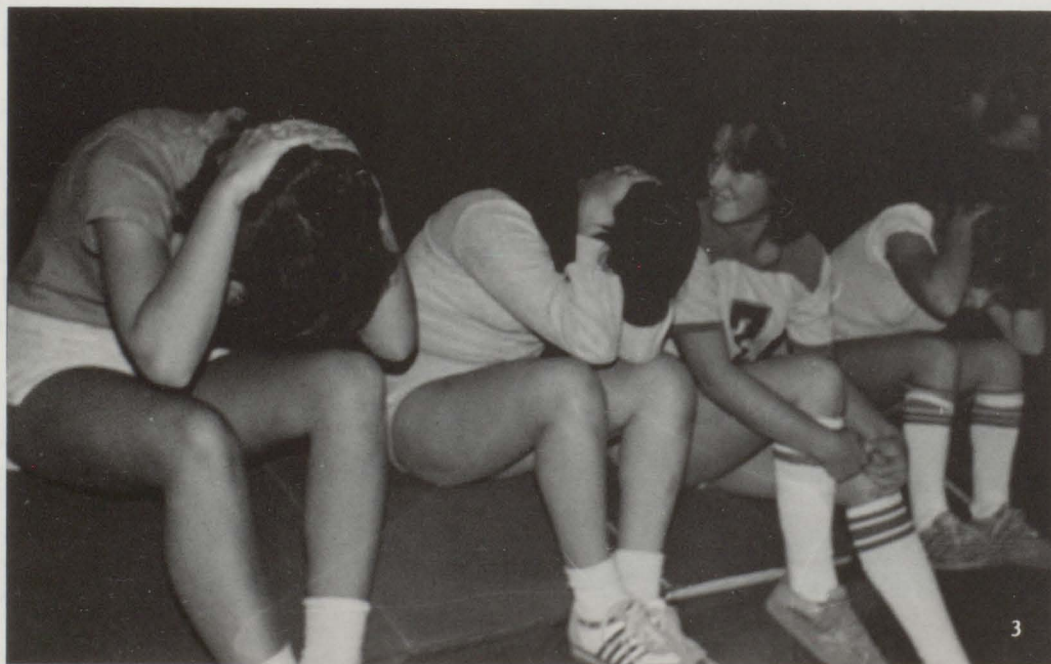

1: A teacher's job is never done. 2: Huskies have been famous in history, too. 3: Mr. Clauseman emphasizes a point. 4: Social Studies is a very serious business. 5: "I don't have to do newspoints until I'm a senior, do I?"

Physical Education . . .

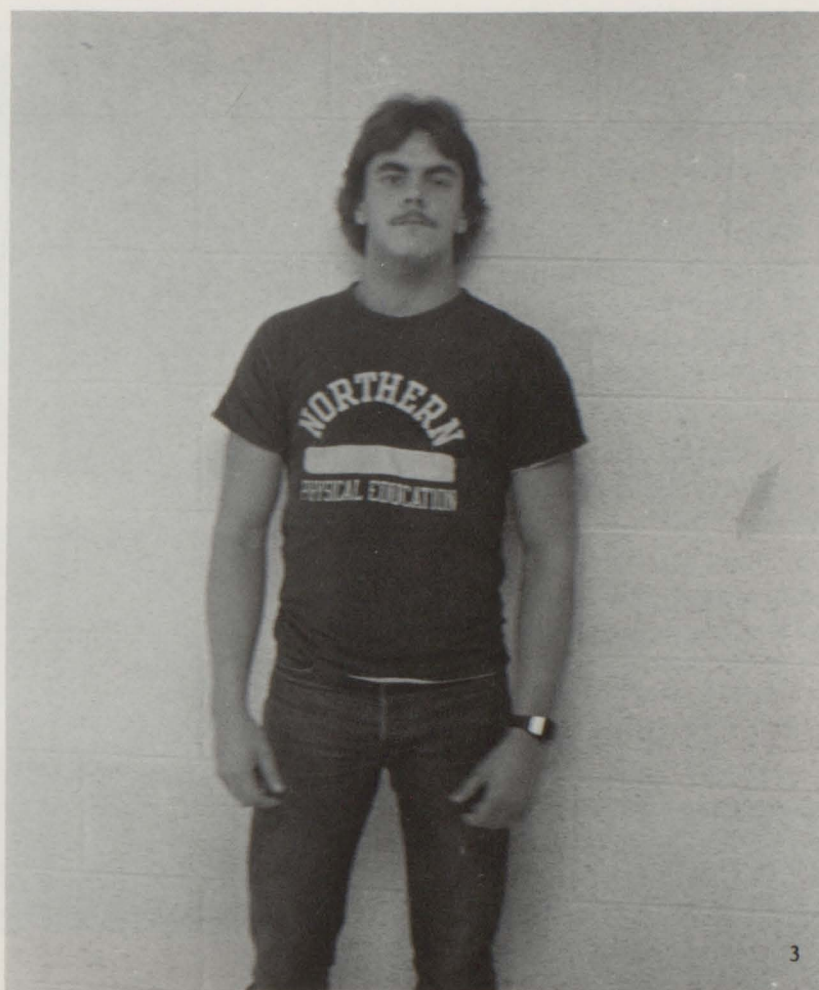

Girl's physical education classes are headed by Miss Fugiel and Mrs. Johnson. Miss Fugiel teaches team sports such as basketball, volleyball, and softball. Mrs. Johnson instructs individual sports, some which are gymnastics, bowling, and aerobic dancing. Both instructors also help students develop individual agility and coordination.

1: Come on, Liz, one, two, three streeetch. 2: What we won't do to be beautiful. 3: There are some of us who don't need to exercise.

... Building for a stronger tomorrow

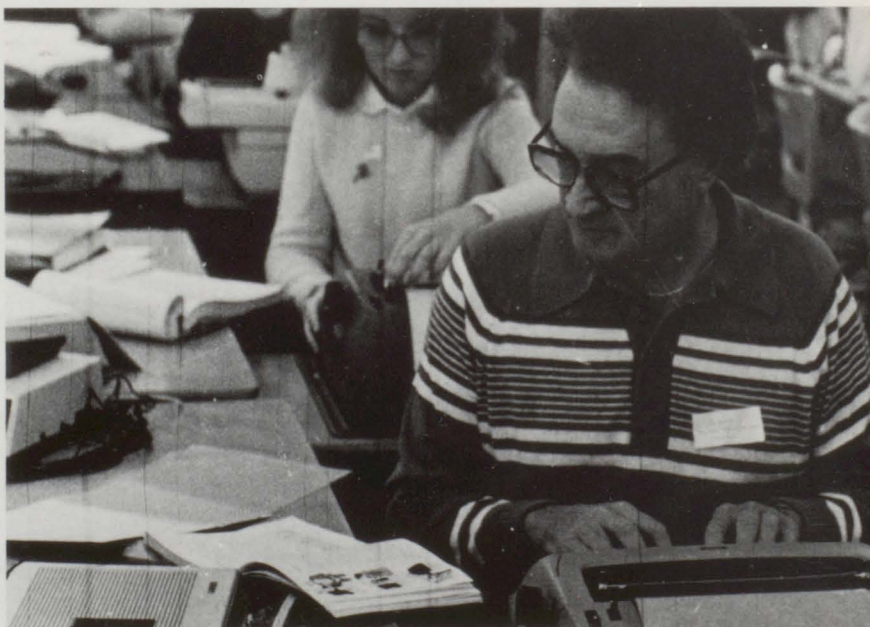

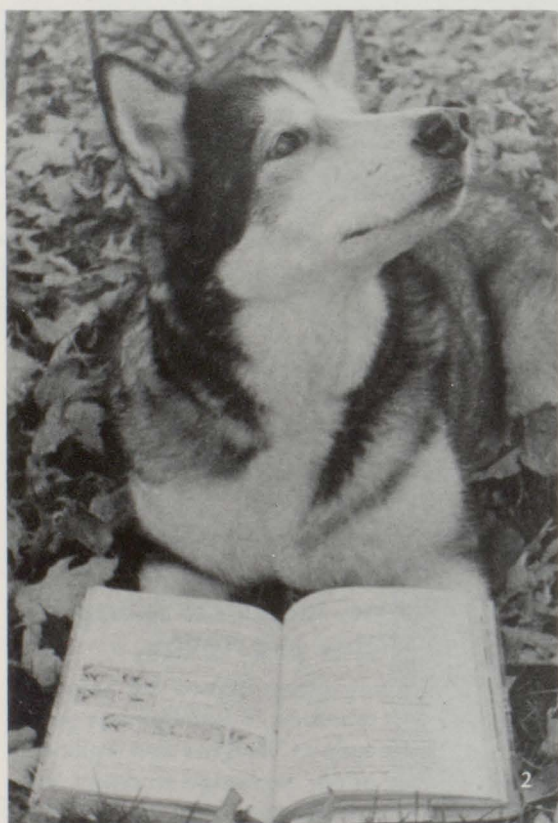

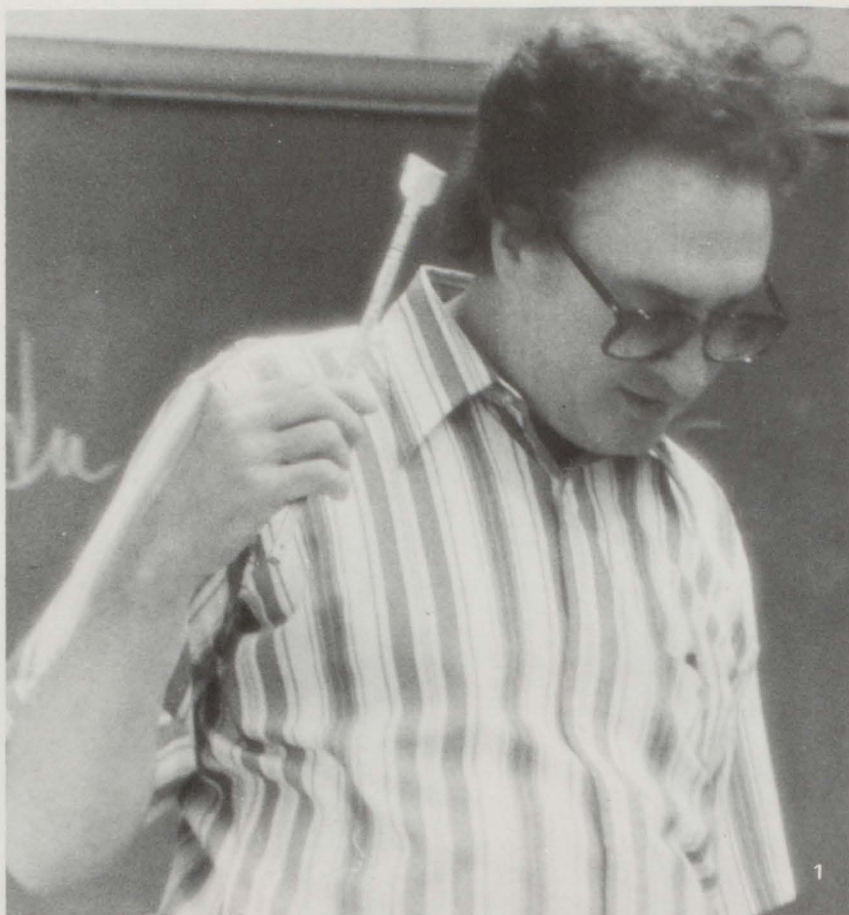

The Physical Education Department is headed by Mr. Dickey. Each gym class deals with the physical development, along with mental, social, and emotional development of each student. Some of the offered Physical Education Classes are Team Sports, Individual Sports and Weights and Agility.

1: Rob Lambert shows the amateurs how it's done. 2: Bob Bennett gets a little help in Weights and Agility. 3: One of our exchange students, Roar Tomassen, gets into the spirit of things by wearing a Northern Physical Education T-shirt.

Sprechen sie deutsch?

A four year sequence of German is offered at Northern. The third and fourth year levels are combined and are individualized to better meet the needs and desires of the students. Those who want to continue their study of German in college take a College Prep Course. Others may take an "enrichment" course.

1: Herr Norman must think he's the choir director. Don't let him fool you, though, he's really one of Northern's German instructors. 2: Even our Huskie speaks German! 3: Herr Norman hard at work preparing for another long day.

Parlez-vous Francais?

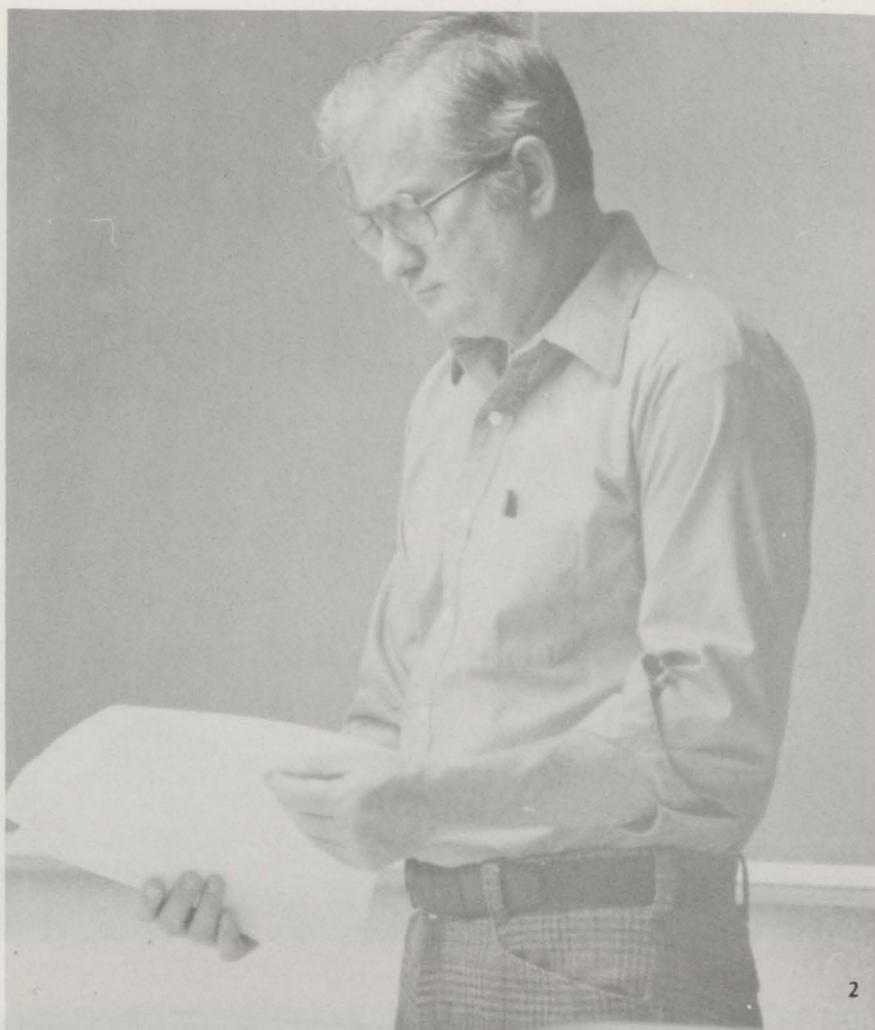

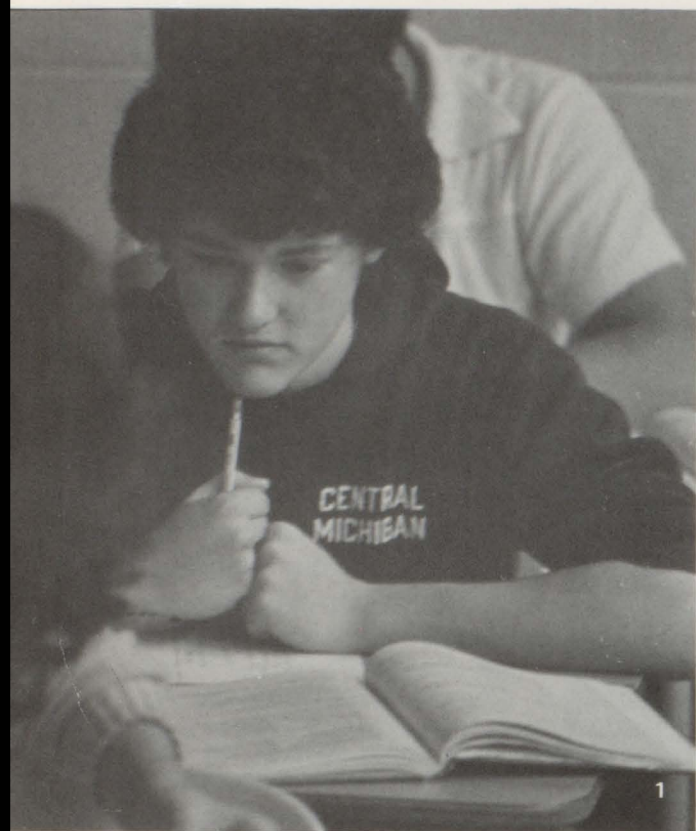

This year's economic purge all but devastated the French here at Northern. These first-year "cherubs" are all who survived. Alors, vive le Francais! Harvey, le lapin, M. Ryskewecz, and two exchange students from Europe continue to FAIRE APPRENDRE and FAIRE PARLER despite the earliness of the hour. Merci a tout qui se souvient de notre classe qui avait lieu de si bonne heure pendant cette annee de 1980-81.

1: Regardez ici tous les etudiants qui disent "FROMAGE". Translation: Look at all the students here who are saying "CHEESE!" This is Mr. La Belle's first-year French class in the afternoon. 2: "Now, how do you say THAT in French?"

¿Habla usted Español?

This year's Spanish classes were also affected greatly by the budget cuts. The only Spanish class is taught by Mr. Ahearn first hour in the morning session, and it consists of first-year students. These lucky kids are just beginning their exploration into the fascinating language of Español.

1: John Ange is really concentrating on his Spanish! 2: Mr. Ahearn says it's not very easy to concentrate on Spanish at 6:30 in the morning. 3: Spanish students start out their days helping each other.

The St. Clair County Community Skill Center offers vocational training at no cost for any high school Junior or Senior who wishes to gain a vocational education. Students attend the Skill Center for approximately two and one half hours each day either before or after they attend required classes at Northern. Some of the classes instructed at the Skill Center are auto body, data processing, health care and food service. Along with educational development students also broaden their horizons socially.

1: Jim King gives this car a full inspection. 2: Mary Ann Komph and Julie Knowlton work overtime on their assignments.

Sports

"A picture is worth a thousand words"

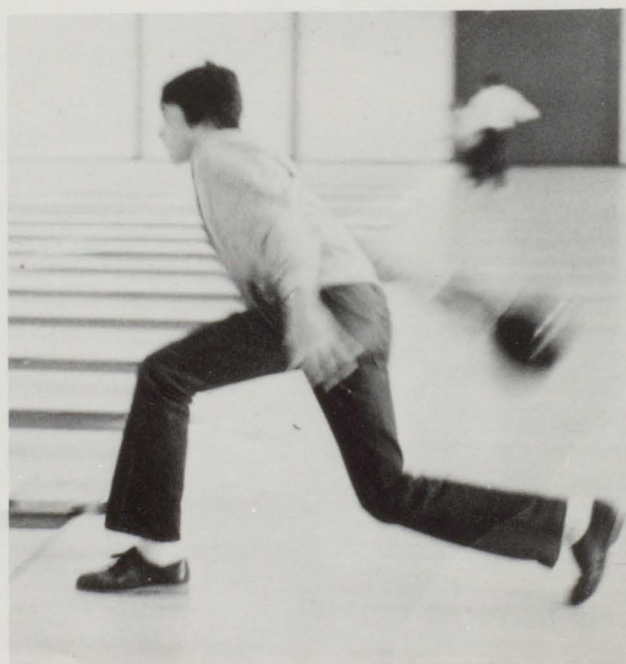

This picture of Memorial Stadium during the 1980-81 football season explains the sports situation at Port Huron Northern. The city failed to pass three millages, one of which would have kept sports at Northern. Thus, the school had to go without their athletics and their well-known school spirit this year. No cross-town rivalry, no pep assemblies, and above all, no enthusiasm in school at all. This was certainly a "different" year.

This photograph credited to Ralph Polovich of The Times Herald.

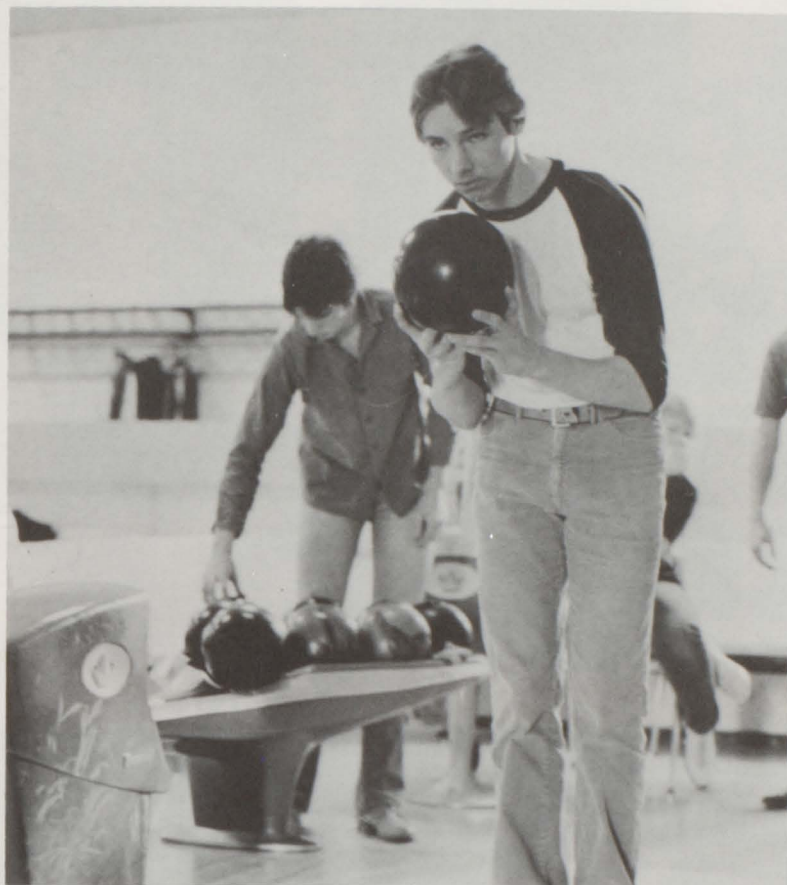

The Bowling Club . . .

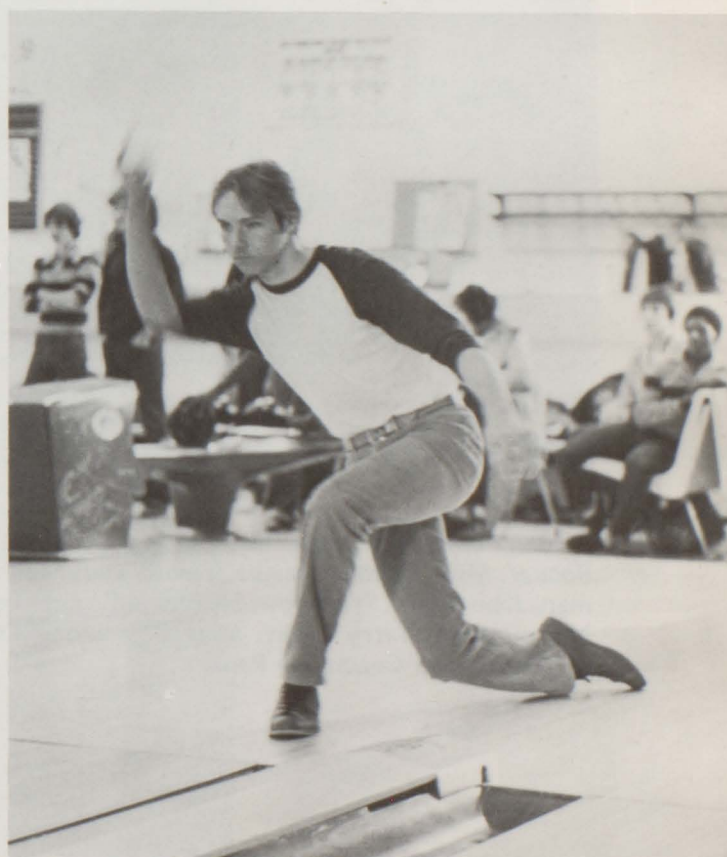

The Bowling Club now meets at two separate times because of the split sessions. The morning students meet in the afternoon, and the afternoon students meet in the morning. They have formed two separate teams, both of which meet at Bowl at the Bridge. There is a lot of competition between the two teams, and they are going to compete for a trophy at the end of the year. Pictured are some of the morning students showing off their best forms.

P.H.N. Sports at their best

This year's football team was tackled even before the season began. Better luck next year, boys!

Thinking that many long hours of practice would pay off, the basketball team got slam-dunked.

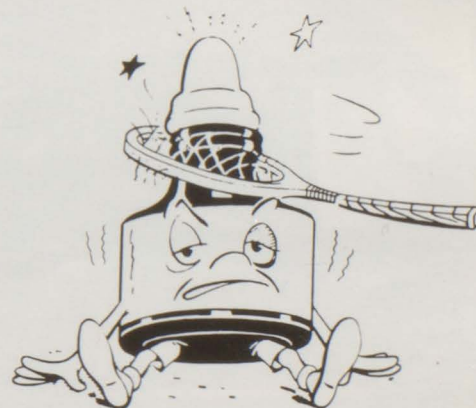

This year's track team was left in the dust coming off of the starting block.

This year's golfers got shot into a sand trap. Maybe next year they will dig themselves out.

The baseball team got lost out in left field after finishing second in the state last year.

Although they put forth a worthwhile effort, the tennis team got clobbered.

Are you for real!?!?

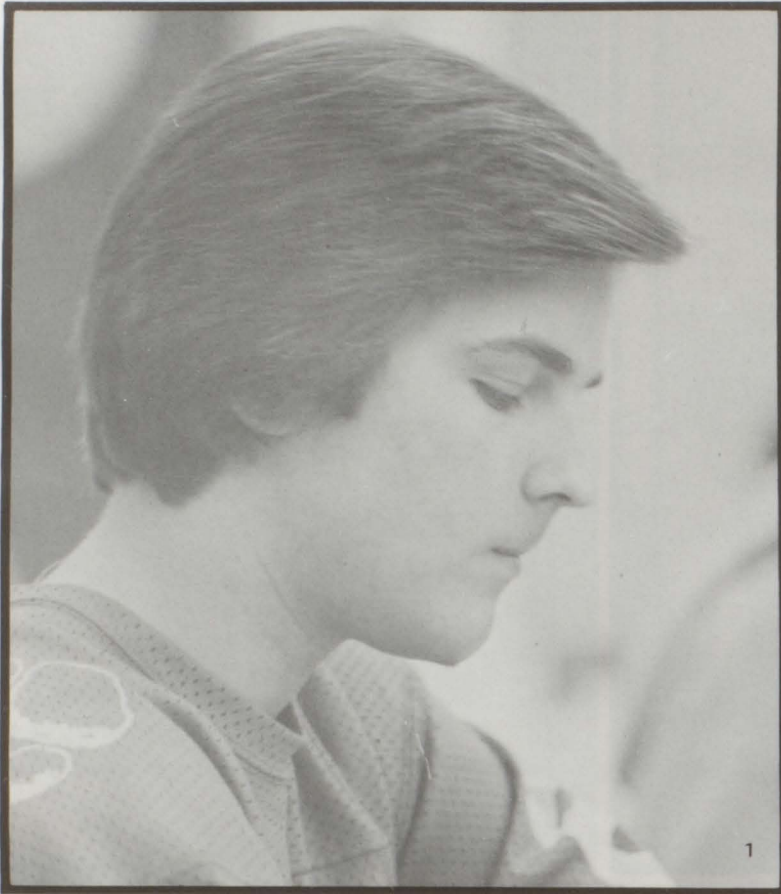

1. Michelle Boldt will try anything to light up her day.
2. Gary Koreiba has only 3 classes before going to work at McDonalds on his 8 hour shift.
3. A smile from Rosemary Kammer.
4. Pals: Missy Boyd and Carrie Conlen.
5. Doesn't Stacey Gillespie look bored?
6. Jeff Butzin doesn't want to watch his own movie.
7. Paul Bonner leads his gym class in prayer

Seniors got what it takes

1: Mark Lysaght tries to decide what it is that he has just eaten. 2: All of Mary's hard work has paid off. 3: Mark Deveraux can't get into SALT II talks in P.O.D.

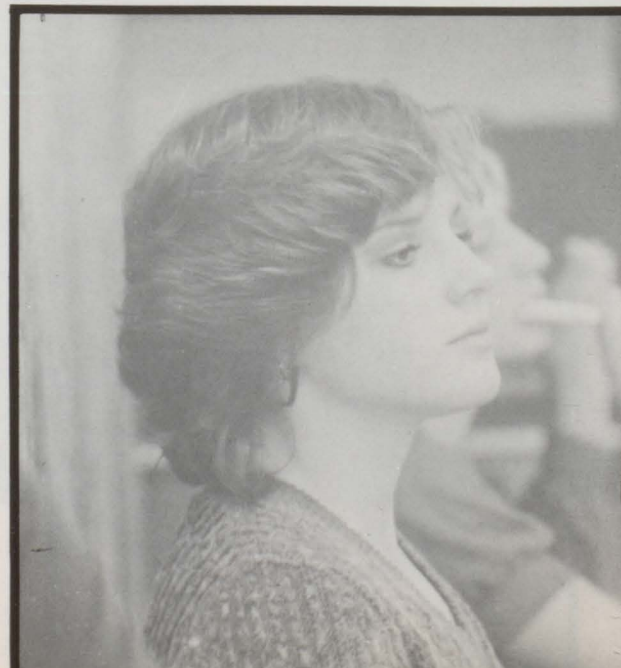

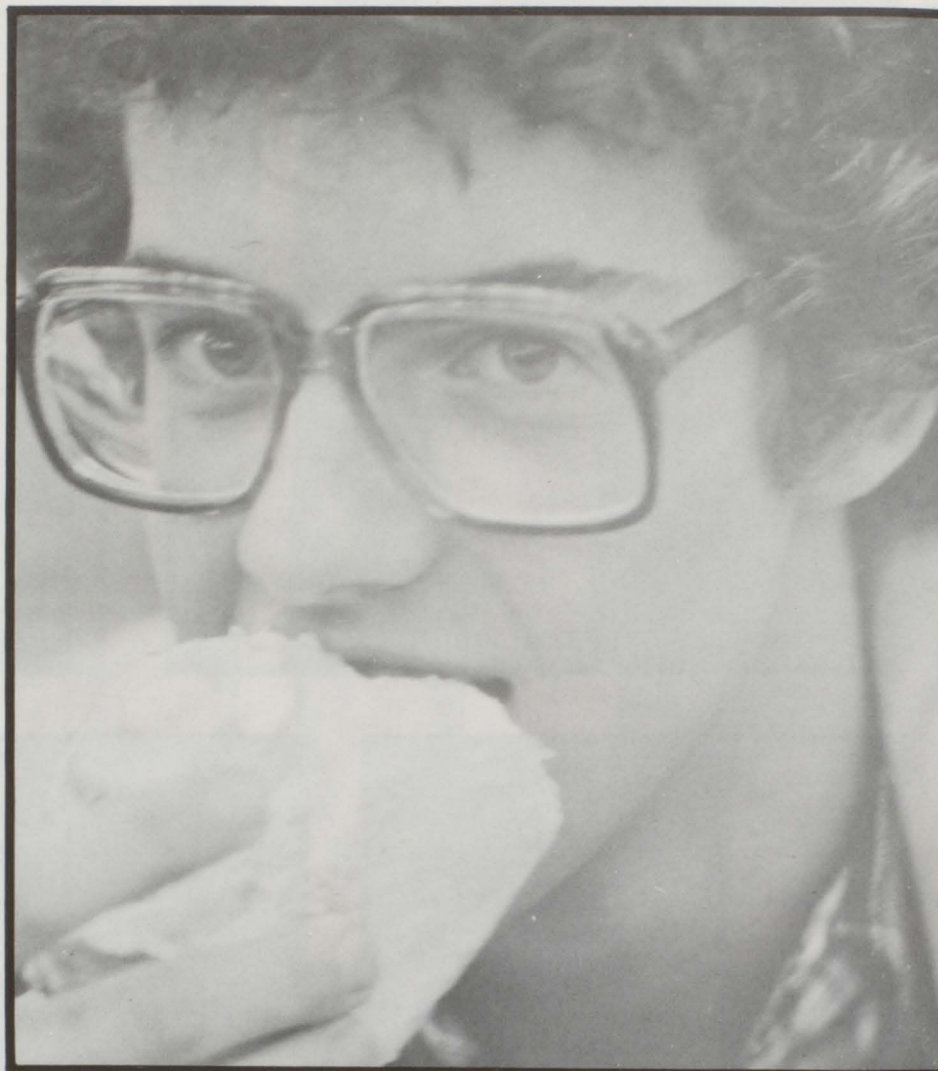

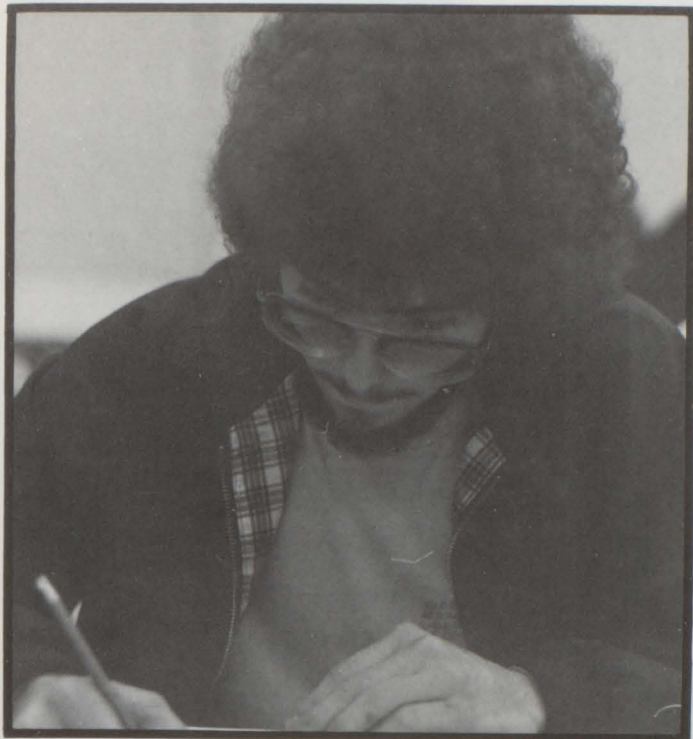

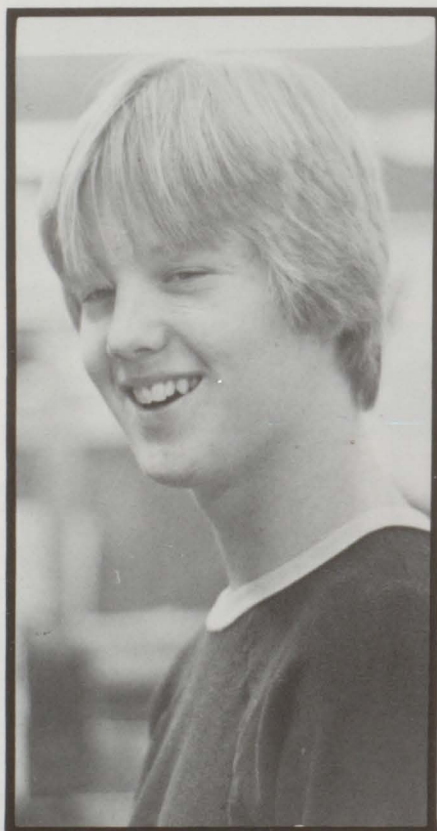

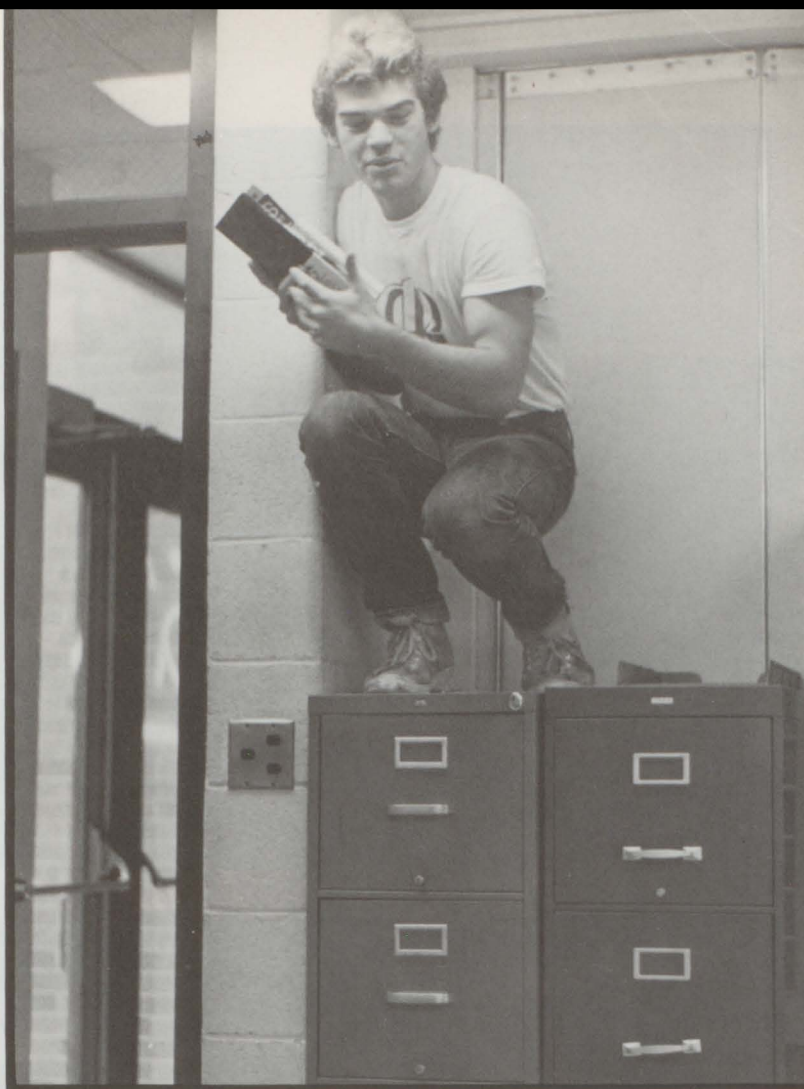

1: Steve Kinney takes a second look at the wall plans. 2: Julie MacKenzie plans her attack!! 3: Kim Symon gets caught by a yearbook photographer. 4: Debbie Gilleran is tongue tied.

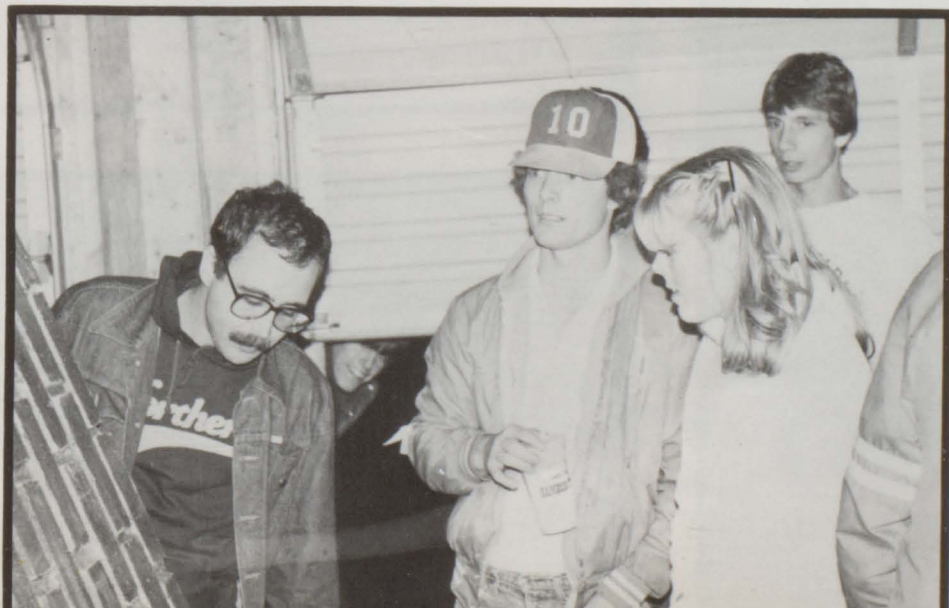

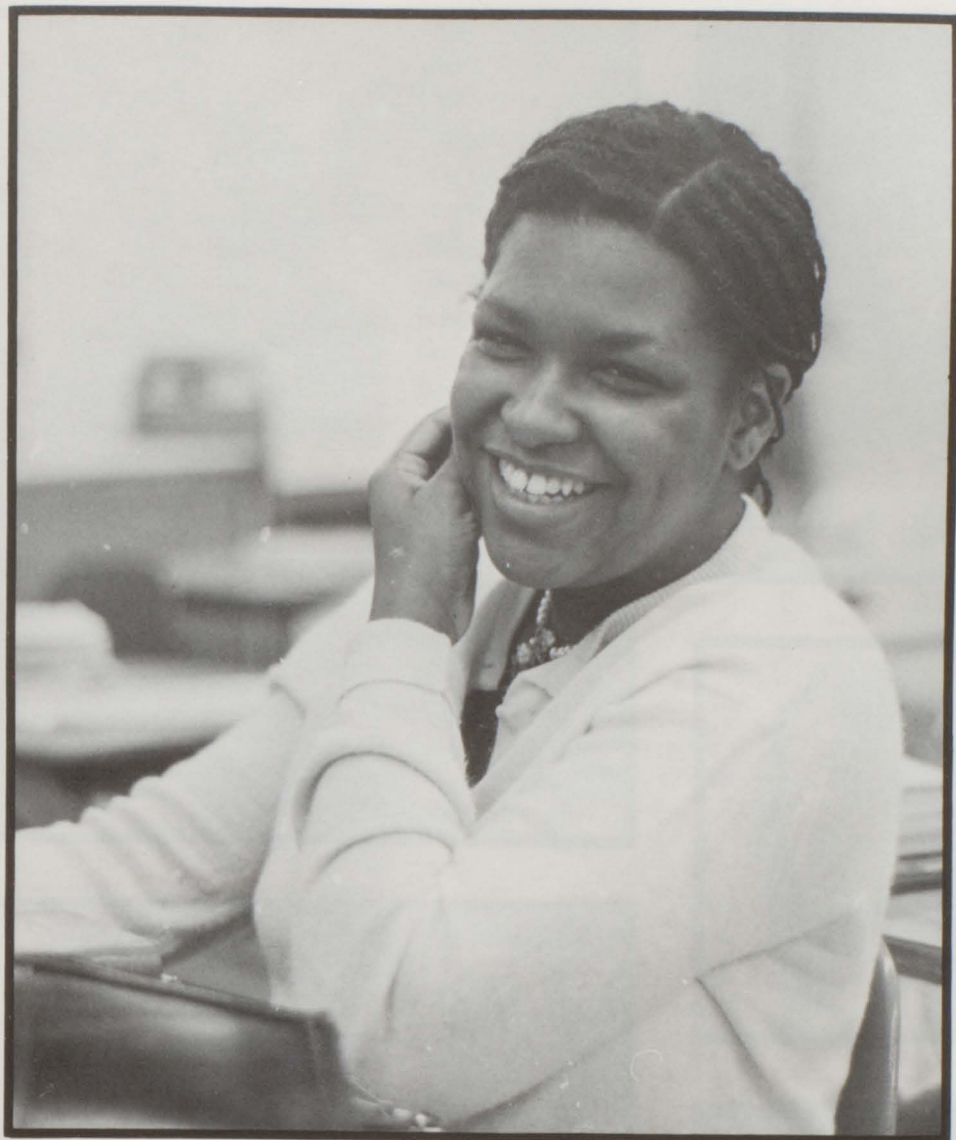

We are family

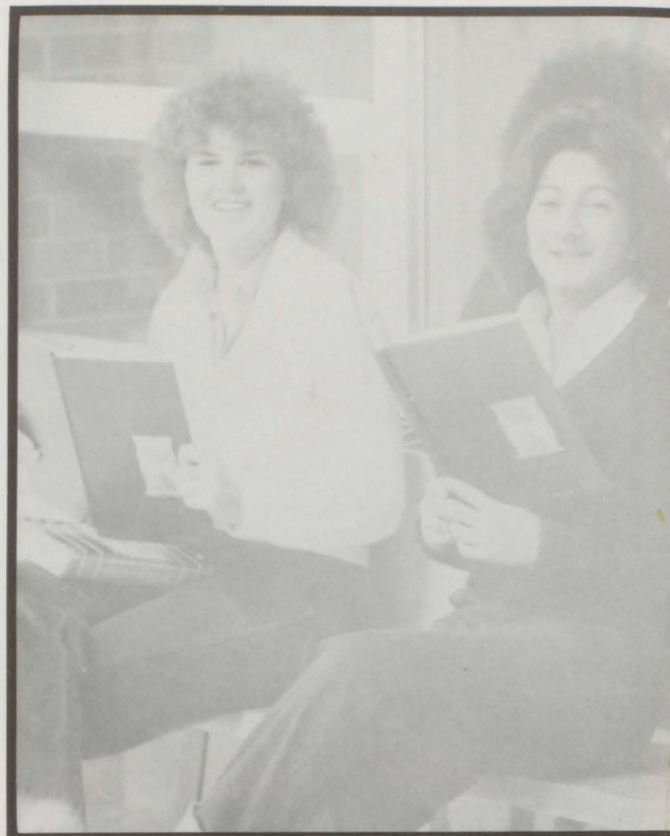

Work and play, seniors all the way

Hey buddy!!

1: Linda Musselman and Jeanette Cowan. 2: Robin Kettlewell and Lori Johns are buddies from Central to Northern. 3: Sue Dougherty has her eye on a new guy. 4: Nancy Snider "I just lost a friend." 5: Mike Vario and Sue Kurzweil. 6: Matt Johnson, "I have no friends today!" 7: Robin Kettlewell and Matt Foxmore than just buddies.

Senior Class Officers

Mary O'Sullivan-President:

"Miles will separate us, memories will bond us, we will be apart, but we will be together. (G. Betts) To the Class of '81: I'll always remember the good times we've had together. I hope you never forget."

-Mary

Beth Miller-Secretary:

"All the underclassmen should try and make the best of their high school years, especially their senior year. It will be over before you know it."

Lori Johns-Co-President:

"I will always remember this year. I'm really glad I got to meet so many great people like you. Good Luck in the future and in everything you do."

Kathleen O'Connor-Treasurer:

"Look at it this way: it is remarkable that we've come as far as we have in so short a period of time. (Lewis Thomas) P.H.N. Class of '81: Thanks for the memories!"

Senior Class Advisor Mr. Nolte, President Lori Johns, and President Mary O'Sullivan.

Juniors

- 1: Ride that bike, Junior!
- 2: Juniors are like freighters; just cruisin' on out to sea.
- 3: Don't look over your shoulder, but someone's coming to get you!
- 4: Here's pie in your face!

1: The casual look: "Do you want my blue slip?" 2: We can make it downstairs together." 3: John Scahill and Todd Herring are caught off-guard.

Ads

With the co-operation of Port Huron's business community, the yearbook staff creates a memory-packed "Spirit." During the advertising campaign, we gather support from many business and professional persons. Through the ADVERTISEMENTS we inform Northern students of the wide selection of goods or services that each of our business friends offers. Together we support shared interest.

Around town

A black and white photograph of a spider web. The web is the central focus, with its spiral and radial threads clearly visible. It is set against a background of out-of-focus leaves and branches, creating a sense of depth. The lighting is soft, highlighting the intricate structure of the web.

IN MEMORY OF
CARLEY HEATH
DAVID GWISDALA

John Beebe, Amature Snapshooter — I will to next year's yearbook class the finesse of an Austrian Hummingbird and the "this paper manufactured by Kodak" sign.

Missy Cramer, Photographer — I will my patience to the next person who has to stay after to print pictures for overdue deadlines.

Richard Berg, Sports and Advertising Executive — I will to next year's yearbook class hope for a good sports editor, if there are sports next year.

Carol Francavilla, Professional Photographer — I leave all my crayons to whoever is dumb enough to take them.

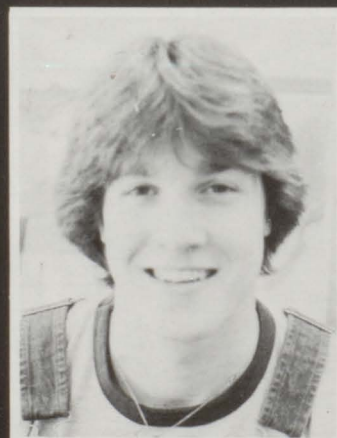

Rebecca Berube, Secretary — I will my swift fingers to the next typist and all my secretarial knowledge of office machines to Missy Cramer.

Robin Kettlewell, Senior Editor — I hope that the senior section editor has a great class, like I did, to work with. I've really had fun doing this section, working with all of my friends.

Lynn Bolin, Academics and Copy Editor — All I can say is good luck to next year's copy editor because whoever it is will really need it; plus a lot of imagination.

Ralph Lewis, Student Life — I leave the cropper and a camera with no instructions on how to use them to any future yearbookie.

Sharyn Malachi, Underclassmen — I will my ability to get out of work with all my acceptable excuses, also I will an undetermined amount of patience and determination that was set forth by the 1980-81 class. Good luck.

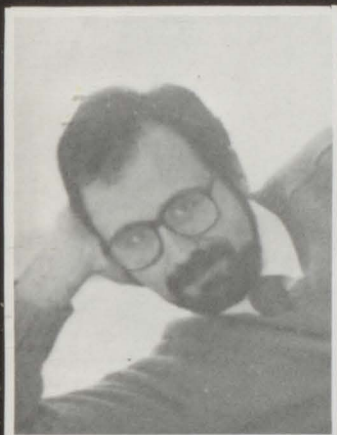

Carolyn Turloff, Editor — I would like to leave with the 1981-82 Spirit Staff a thought to remember throughout the 81-82 school year: IF A JOB IS WORTH DOING, IT'S WORTH DOING WELL. I also hope you have as much talent, cooperation, and originality that the 1980-81 Spirit Staff had.

Linda Musselman, Student Life — I will patience, hard work, & organization to the next yearbook staff. Good-luck! It is not as easy as you may think.

Ed Wardle, Photographer — I will my camera to any person who is searching for the false glory of a photographer. I hope he/she realizes all the work that has to be done.

Mr. Nolte, Advisor — I will to the next yearbook class an editor as capable as Carolyn Turloff and also the ability to put up with me as an advisor.

Bill Wilton, Photographer — I will remember everything that I was willed.

Kimmie Shank, Underclassmen Editor — I will my underclassmen section to a capable person who can get things done. Also, I will my co-editor position to a person who likes to boss people around.

Eva Wu, Underclassmen — I will all my deadlines and my worries to the next yearbook staff.

AFTER TAKING ALL OF THE CHANGES IN STRIDE, THE SPIRIT STAFF HAS DONE AN EXCELLENT JOB. EACH MEMBER DESERVES A GREAT THANKS, AS DO THOSE NON-MEMBERS WHO HAVE HELPED US OUT IN INNUMERABLE WAYS. IT IS NEXT TO IMPOSSIBLE TO LIST ALL OF THE FACULTY MEMBERS, STUDENTS AND LOCAL BUSINESSES WHO HAVE ASSISTED US, BUT TO NAME A FEW: MR. JERRY MILLER; MR. L^ABELLE; JOHN WICH; PAM RHODY; MARY O'SULLIVAN; KATHLEEN O'CONNOR; MR. LARRY THOMAS; AND D&I CAMERA SHOPPE. LAST, BUT NOT LEAST, A SPECIAL THANKS GOES TO ALL OF YOU. THIS BOOK WOULD NOT HAVE BEEN POSSIBLE WITHOUT ALL OF YOUR SUPPORT!

THANK-YOU!

Carolyn Turley
